Kagin's

PART II
TERCENTENARY SALE
MAIL AUCTION ONLY

To Be Sold On: September 16, 1974
Kagin's Numismatic Auctions, Inc.

OVER THE YEARS – SALE NUMBER 303

Commentaries based on cataloging over 300 sales and collecting since 1928.

The present "Explosive" market still continues. We made this statement in our previous sale and it still is true. For instance, the 1876 $3 Gem Proof in our November sale realized the then record of $17,000.00. A specimen in the New York auction brought $21,000.00 and we now see one advertised in *Coin World* at $35,000.00. Even though the new Guidebook has just been issued, it is far behind in values for top-grade specimens, rarities and the more popular coins. Currency has joined the ranks of rapidly rising numismatics. We have long felt this was overdue. Unfortunately, there is very little choice material to supply this strong market. No doubt some of the estimates in this sale will be exceeded as they were made some months ago. Good hunting.

ALL BIDDERS PLEASE READ

Terms Governing This Sale

Bidders unknown to us will please furnish bank or other references or deposit 25 percent with their bids, and it is agreed that remittance will be made upon receipt of invoice if references are not furnished.

Any coin which is not satisfactory may be returned within five days from date of receipt for full refund. **You must be satisfied. PAYMENT TO BE MADE UPON RECEIPT OF MERCHANDISE.** Coins remain our property until paid for. There will be no charge for executing your bids but the purchasers will be required to pay the postage and insurance on their purchases. If you do not wish coins sent airmail please note this on your bid sheet. Iowa residents please add 3% sales tax.

We shall welcome your bids and will try to purchase the coins as much below your bids as possible. PLEASE BID BY THE LOT. Unlimited bids are executed at an advance of 5 percent over the next highest bid. Numbers in ( ) are the quantity of that item.

If you are interested in any particular coin, we shall be glad to have you write us for full information. LOTS CANNOT BE BROKEN. Be sure you bid on the correct lot as we cannot be responsible for errors in bidding.

BARGAINS

In every sale, some lots go at "bargain prices." May we suggest that in addition to bidding on those lots you "really want," you place nominal bids on those lots that "you might buy if they went at bargain prices." While you may not obtain many of these "bargain lots," yet in every sale you may pick up some real bargains.

IS THIS YOUR FIRST AUCTION CATALOG?

27th EDITION (1974) GUIDE BOOK, PAPER MONEY 7th EDITION, "TRENDS" AND OTHER AUCTION RECORDS USED IN CATALOGING

Occasionally a collector writes us asking why our estimated values in some instances are higher than the catalog listing. This occurs when the demand is so great and the supply so small that new records are set whenever these come upon the market. If one will take a few moments to reflect, he will understand that it takes several months to compile the necessary information before the catalog can be published, therefore, it is inevitable that the catalog listing will be under the prevailing market price on the items in popular demand at the time of the publication. **The estimated prices are entered only after careful examination of various records and publications which reflect the actual and not theoretical values. (PLEASE NOTE THAT MANY OF THE ESTIMATES ARE CATALOG VALUE ONLY. MANY OF THE GOLD COINS, SILVER $1, WASHINGTON QUARTERS, CURRENCY, ETC. ARE ESTIMATED AT CATALOG).** In the final analysis, you the collector, are the one who sets the price.

BIDS ARE RECORDED AS FOLLOWS: Each bid sheet is given a number as it comes in, and the bids are recorded. In the event of identical bids, the first bidder receives the lot. At the last day of the sale, the books are closed with the highest bidder on each lot being awarded the lot at an advance of not over 5% above the next highest bidder. For illustration—the two highest bids received on a lot may be $17 and $20. The highest bidder who bid $20 would receive the lot at $17.50. We act as your agent and use your bids as a limit—not as a final bid unless we are forced to do so to obtain the lot. We accept unlimited bids which generally assures the bidder of obtaining that lot regardless of what the highest bid may be. Where the lot is bringing far more than we believe it is worth, or in the event of two unlimited bidders on the same lot, we notify the unlimited bidders by phone or wire, if necessary, in order to obtain a fixed limit to the bid. Even though auction purchases are supposed to be final, we do not want you to keep any lots which you believe are improperly described. We endeavor to treat our customers as we would wish to be treated. We try to keep it on a friendly basis and value the many friends we have made thru the years. If you have any complaints, we want to hear them, as well as any compliments.

ANY COIN WHICH IS NOT AS REPRESENTED MAY BE RETURNED WITHIN FIVE DAYS FROM DATE OF RECEIPT FOR FULL REFUND. **YOU TO BE THE SOLE JUDGE AS TO CONDITION. YOU MUST BE SATISFIED.** No, you won't receive a nasty letter for returning a coin — instead you will receive a letter thanking you for calling attention to the error made in cataloging. While we try to describe coins as accurately as possible, it is inevitable that an occasional error is made in the cataloging of thousands of coins for each sale. Whenever this happens, we want it called to our attention to help prevent future errors.

Any lots may be inspected prior to the sale. Collector is liable until received by us. Collector to pay postage and insurance both ways.

If you are not interested in these sales, won't you advise us so we may discontinue sending you catalogs.

Please allow up to two weeks for receipt of coins; unsuccessful bidder will be notified.

$100 FIRST CHARTER – MASSACHUSETTS

168–$100 From a 1969 sale wherin described as, "F-454, Rare date 1864, "Commodore Perry leaving his flagship" and "Liberty seated by Fasces" "The signing of the Declaration of Independence", rare type with charter overprinted, Blackstone (scarce private name bank) of Boston, Mass., *German style "S" (resembles backward f), CRISP NEW NOTE*! A note accompanying it states that it is believed that *THIS NOTE IS UNIQUE*! A FANTASTIC NOTE OF THE GREATEST DESIRABILITY from several viewpoints! An insight as to its rarity is the fact that Friedberg does not price the $100 first charters in better than "Very Fine". In addition this is a "VANITY NOTE" with the casr. signature extending over half of the note. It was acquired for $8,500 then. With the currency market as strong as it is, we wouldn't be suprised if bids exceed $10,000.00. **[photo]**

Recheck Your Bids –– Avoid Errors

356–$10 FIRST CHARTER SERIES 1875, from a sale 6 years ago wherein described as "F-422 (RARE), dated Nov. 8, 1889 - THE DAY MONTANA BECAME A STATE! There is no indication on the note as to it being a territory, therefore we must call it Montana State. We do not know which is rarer, Montana Territory or Montana State; but we do know this note is indeed VERY RARE. It is The Merchants National Bank of Helena, Montana, fine. The last acquisition in this offering (about three years ago) was from a leading paper money specialist as "EXCESSIVELY RARE" at $1,500; we believe this great rarity now worth closer to $2,500!"

It brought $1,450 then before knowing that this is a RARE BANK in addition to its rarity as a note, signature combination, date, and state. Now, 6 years later, Friedberg still does not attempt to price a common note from this state, much less this exceptional specimen. Surely on today's rising market one can expect bids to exceed the 1967 valuation of 2,500– probably now closer to 5,000.00. [photo]

Authorized by the CONTINENTAL CONGRESS, many collectors include this as the FIRST DOLLAR OF WHAT IS NOW THE UNITED STATES.

601 - 1776 CURENCY, struck in pewter, from a sale five years ago wherein it was described as "A FANTASTICALLY SHARP STRUCK SPECIMEN WITH DOTS AT EDGE ON both sides sharp! The lines around each of the 13 colonies CUT OVER DOTS, Smooth PROOFLIKE SURFACE with LOVELY LIGHT BLUE PATINA!"

Acquired as a "MUSEUM PIECE", it came from Europe. Valued at $5,000.00. The only comment we can make about this valuation is that in other series of U.S. coins, this ratio of values (condition 60 compared to 70 coins on Sheldon Scale) does exist. The present owner paid $5,000 to own this. Since then, extensive research compiled in the Scott catalog about four years ago reveals this is EXCESSIVELY RARE!!! It is BY FAR, THE CHOICEST SPECIMEN WE HAVE SEEN OF ANY VARIETY IN OUR FORTY YEARS AS PROFESSIONAL NUMISMATISTS!!!! Surely the present strong demand for Early American coins, especially for those of EXCEPTIONAL QUALITY, AS WELL AS EXCESSIVE RARITY, Should bring bids over $10,000; probably now closer to 15,000.00.

602–1795 FLOWING HAIR, 3 leaves under each wing, B-7 variety with 14 berries, small head similar to 1794, Very Fine. A nice appearing specimen with glittering blue patina and some even wear, sharp struck, with some claims to the Extra Fine for which acquired. The commonest variety catalogs E.F. at $1,200; Surely this attractive and scarce specimen worth well over 1,500.00.

603–1795 FLOWING HAIR, 2 leaves under each wing, B-1 variety, bust and eagle about very fine with balance of coin (stars, Liberty, date, wreath & legend) fully Very Fine. The strong demand for "type" should send it around 850.00.

604–1796 BUST TYPE, 15 STARS Small Eagle, small date, small letters, obverse very close to the "About Uncirculated" for which acquired while the reverse is very close to uncirculated with only slight friction, Superb luster. A well centered, sharply struck specimen. Scott catalogue (1970) states "Excessively Rare in unc." By far the rarest of the three major varieties listed in the Guidebook. Easily worth over 2,500.00.

MINT STATE 1796 DOLLAR
SMALL DATE – LARGE LETTERS

605–1796 15 STARS, SMALL EAGLE, small date LARGE LETTERS, Bluish UNCIRCULATED, B-4 variety, Sharper Struck than most seen with only a few of the feathers not complete. A glass reveals microscopic handling marks, probably from being in several collections during the nearly two centuries of its existence. We note similar condition specimens of Type II dollars have brought 15,000 to 28,000.00.

606–1797 16 STARS (Tennessee admitted to Union in 1796) 9 Stars left, 7 right, Large Letters, SMALL EAGLE, Rare B-1b variety. Near Uncirculated with Superb Golden Patina, only slight friction prevents us from using superlatives in describing this lovely specimen. Easily worth 3,000.00.

607–1797 STARS CHANGED to 10 Left, 6 Right, SMALL EAGLE, B-3 variety. Date appears as 17.97. Extremely Fine; interesting minute planchet crack at reverse edge placed there at time ofminting (typical of a number of specimens seen over the years). Catalogs low at only $1,000; now brings over 1,250.00.

1798 FIRST TYPE DOLLAR
POSSIBLY FINEST KNOWN

608–1798, 15 STARS, TYPE OF 1796 (SMALL EAGLE REVERSE, Small Letters) UNCIRCULATED SUPERB LIGHT GOLDEN PATINA, close examination with a glass reveals a few pinpoints suggesting contact with other coins at time of minting. THE CHOICEST APPEARING SPECIMEN OF THIS RARITY (Rarity 5) THAT WE CAN RECALL SEEING IN ALL OUR FORTY YEARS AS PROFESSIONAL NUMISMATISTS!!! A RARE "TYPE" COIN IN ANY CONDITION BUT EXCESSIVELY RARE IN THIS REMARKABLE STATE OF PRESERVATION. Less rare varieties of these early dollars in choice states of preservation have brought $15,000 to $28,000.00 during the past year. We expect this fantastic specimen of this rarity to now set a new record!

609–1798 HERALDIC EAGLE TYPE, Very Fine appearing but close examination reveals a few short lines in field acquired many years ago, but not now too apparent due to natural patination acquired over the years. 350.00

610–1799 OVER 98, 15 stars, Extremely Fine. Struck from slightly dished dies causing small portion not being fully struck up. Catalogs 450.00.

611–1799 Golden Uncirculated, very faint friction barely perceptable with a glass. Catalogs 1,050.00.

612–1800 FAMOUS "DOTTED DATE" Variety, About Extremely Fine, small scratch obverse. Should be worth close to 400.00.

613–1801 Close Date, Very Fine bust with Liberty, date and stars Extremely Fine; reverse Extremely Fine. VERY RARE (Rarity 5). Catalogs 425.00.

614–1802 OVER 1, close date. Extremely Fine and Sharp with much luster, Worth 500.00.

615–1802 Extremely Fine and Sharp, superb luster, nice even strike. A lovely specimen for date or "type". We have seen worse graded higher and priced around 1,000.00.

616–1803 Large Re-Engraved 3, Very Fine, tiny edge nick. 450.00

1836 GOBRECHT FLYING EAGLE DOLLAR

617–1836 GLITTERING BLUISH GOLDEN PROOF. Generally acknowledged as our most beautiful silver coin. Setting new records. Recent prices hovering around 3,000.00.

LIBERTY SEATED DOLLARS – DATE SET

618–1840 Extremely Fine with a tiny edge nick. "Trends" 150.00.

619–1841 Acquired as a "PROOF". While it does have a deep blue GLITTERING PROOF surface, the slight porosity in some of the field establishes it as a "First Strike" uncirculated specimen, or possibly a "Presentation Piece". It is understandable why some of the early dollars such as this were sold as proofs. We have seen some rather deceptive pieces over the years. True proofs of this date now bring several thousand dollars. "Trends" unc. $575; this remarkable specimen worth well over 1,000.00; possibly closer to 1,500.00.

620–1842 Uncirculated with deep glittering golden patina. "Trends" 550.00.

621–1843 Acquired as a "PROOF". It does have a lovely glittering iridescent proof-like appearance. Close inspection reveals slight porosity of surface as well as faint rubbing. A true proof would be worth several thousand dollars and unc. "Trends" $550; surely this choice specimen worth close to the "Trends" value.

1844 DOUBLE DIE DOLLAR
POSSIBLY FINEST KNOWN

622–1844 DOUBLE OBVERSE DIE with QUADRUPLE STRIKES, GLITTERING BLUISH GOLDEN PURPLE PROOFLIKE! A lovely specimen which required close scrutiny with a glass before we decided it was a "First Strike" rather than the "Proof" for which acquired. Scott states for the regular die 1844 "Very Rare In Unc." but lists the doubled obverse die with quadruple strikes as "R7" (7 to 9 known) without attempting to value it in any condition! As a regular die 1844, this remarkable specimen would now be worth at least $2,000, but as the EXCESSIVELY RARE DOUBLED DIE (possibly "FINEST KNOWN") it is worth over $5,000; possibly closer to 7,500.00.

623–1845 Near Uncirculated with much luster. LOW COINAGE. "Trends" unc. 575.00.

624–1846 Near Uncirculated with much luster. "Trends" unc. 550.00.

625–1847 GLITTERING BLUISH GOLDEN PROOFLIKE. A lovely sharp struck specimen with slight porosity of surface (which prevents us from accepting its original attribution of "PROOF"). We saw a similar specimen at the Boston A.N.A. convention at $1,500.00. Present value?

626–1848 GLITTERING BLUE PROOFLIKE with RAISED BORDERS & WIRE EDGE! Rather deceptive. Close examination with a glass reveals slight porosity of surface which forces us to reject its attribution of "PROOF". The rarest date of the 1840's with only a mere 15,000 struck. Scott states "Very Rare In Unc." Surely this remarkable specimen of this rare date worth in the neighborhood of 2,500.00.

627–1849 Uncirculated with attractive patina. "Trends" 575.00.

628–1850 Uncirculated with deep bluish patina, usual "bag-mark" in field (from being shipped from the Mint in bags). ONLY 7,500 STRUCK! "Trends low at only 750.00.

629–1853 Uncirculated bluish golden, faint edge nick and tiny granulation spot at star and knee visible when closely examined, typical strike with last three stars not fully struck up. RARE! "Trends" 700.00.

EXTREMELY RARE 1855 PROOF DOLLAR

630–1855 MAGNIFICENT BRILLIANT PROOF WITH DELICATE GOLDEN TINT! The bust and eagle are "Frosted" in appearance, needle-sharp strike! It is difficult for us to imagine a choicer specimen existing of this great rarity. Since 1855 is the first year listed in the Guide Book for "Collectible Proofs" in all series, there is an unusually strong demand for this date. It is certainly many times rarer than the 1895 proof which catalogs $6,000 (and priced at $6,750) and the "gem" 1893-S which was offered last year at $40,000.00. Judging from the rarity, its outstanding condition, and strong demand, we feel this remarkable specimen will exceed $7,500; perhaps bringing closer to 10,000.00.

631—1856 Glittering Golden Uncirculated, nice sharp strike! SCARCE. "Ordinary" uncirculated specimens trends $700, this choice specimen easily worth over $1,250; perhaps closer to 1,500.00.

632—1857 GLITTERING GOLDEN COMPLETE PROOF SURFACE BOTH SIDES with remarkably smooth surface and virtually free of the usual bag-marks. So choice that it was acquired as a full proof. Since the head and some of the stars are not completely struck up, we choose to call it prooflike rather than proof. Trends $650 for ordinary unc., therefore this exceptional specimen should surely be worth closer to 1,500.00.

633–1859 GLITTERING SLIGHTLY BLUISH GOLDEN with COMPLETE PROOF SURFACE BOTH SIDES, SHARP STRUCK! So choice that it was acquired as a full proof. However the date, shield and faint porosity of obverse establishes it as an exceptional strike from (uncirculated) "business dies". As such, much rarer than the proof. The last such specimen we had realized $1,000 but since then we have seen a specimen offered at 1,500.00.

634–1859-O Virtually Uncirculated with only barest friction, prooflike surface. Trends unc. 550.00.

635–1859-S Fine obverse, pinpoint nick above head; Very Fine reverse. Catalogs Fine $90, V.F. 120.00.

636–1860 GLITTERING BLUISH UNCIRCULATED WITH COMPLETE PROOF SURFACE BOTH SIDES! Much rarer than a proof in this remarkable condition. Ordinary unc. trends $550; this superior specimen easily worth over 1,000.00.

637–1862 GLITTERING BLUE & GOLDEN PROOF WITH BROAD RAISED BORDER & WIRE EDGE BOTH SIDES. Only 550 struck 112 years ago. How many can still remain in existence? In addition, the lowest total issue(by far) of any date 1860-69. Well worth over 1,000.00.

638—1863 Brilliant slightly golden two-tone PROOF. While not a perfect specimen, it is still superior to most seen. ONLY 460 STRUCK! We note asking prices around $800 for the later dates with twice this coinage, surely this desirable Civil War coin worth over 1,000.00.

639—1864 Uncirculated bluish golden, usual bag-marks in field (from being shipped from the Mint in bags). SCARCE CIVIL WAR COINAGE. Trends 550.00.

640—1865 Uncirculated with deep blue patina, faint rub visible when closely examined with a glass. LOW COINAGE. Trends 550.00.

641—1871 With MOTTO. GLITTERING GOLDEN WIRE EDGE PROOF. While not an absolutely perfect coin, it is superior to most now offered. We note a November, 1973 price list of a leading Eastern company offering a "Proof" at 800.00.

RARE 1871—CC DOLLAR

642—1871-CC Near Uncirculated with considerable luster, usual bag-marks in field. ONLY 1,376 STRUCK over a century ago! How many can still remain in existence? At least the equal (if not actually superior) to the specimen we saw at the Boston A.N.A. convention priced 3,000.00.

643—1872-CC Near Uncirculated with deep golden patina, quite sharp. RARE. Trends $2,750 unc. but we note a specimen in the November price list of a leading Eastern dealer at $3,500 for unc.

644—1873 GLITTERING BLUE & PURPLE PROOF WITH WIRE EDGE BOTH SIDES. A lovely specimen except for faint slide marks in right field. ONLY 600 STRUCK! We note proofs, when offered, are generally priced upwards of 800.00.

645–1878 8 Tail Feathers, GLITTERING BLUISH PROOF. ONLY 700 STRUCK! Ad in 12/19/73 Coin World at 795.00.

646–1878 7 Over 8 feathers, BRILLIANT PROOFLIKE GEM WITH RAISED EDGE BOTH SIDES! So choice that it was acquired as a "Proof". Surely this remarkable specimen worth over 100.00.

647–1878 8 Feathers; 78 7 fea. second rev.; 78 7 fea. third rev.; 79-P-S, 80-S, 81-S, 82-S, 83-O, 84-O, 85, 86, 87 Br. unc., usual bag-marks. Trends 115.00.

648–1878-CC Brilliant Uncirculated CHOICE! Exceptional coin, in Nov. price list at 70.00.

649–1878-S, 79-O, 80-O, 88, 90-S Brilliant Unc., Choicer than most. Ad 133.00.

650–1879 BRILLIANT TWO-TONE GEM PROOF! A superb specimen of this undervalued date of which only 650 were struck (Scott Cat.). We do not see how a choicer specimen could exist. We note a "gem" in the Nov. price list of an Eastern co. at $495; surely this remarkable specimen now worth closer to 600.00.

651–1880 GLITTERING BLUE & GOLDEN GEM PROOF! Easily worth over 500.00.

652–1880-CC, 8 OVER LOW 7, 3RD REV., Brilliant PROOFLIKE, SHARP STRUCK, choicer than most with only a few of the usual bag-marks. RARE SO CHOICE! Well worth 500.00.

653–1880-CC Third Reverse, Uncirculated golden. Catalogs $80 but note ads of 90.00.

654–1882-O "O" OVER "O" (First "O" cut too low, second "O" punched higher over first "O") glittering golden CHOICE Uncirculated. 50.00

655–1884-CC Brilliant golden Uncirculated, CHOICE. Nov. price list at 42.00.

656–1885 GLITTERING PROOF with deep bluish golden patina. Nov. price list of leading Eastern dealer has it at 450.00.

657–1885-CC Brilliant Uncirculated, SHARP STRUCK, CHOICE! In same list at 92.00.

658–1886 GLITTERING BLUE & GOLDEN WIRE EDGE PROOF! Ordinary proofs are listed in above price list at $450; surely this choice specimen worth well over 500.00.

659–1887 BRILLIANT SLIGHTLY GOLDEN TWO-TONE WIRE EDGE PROOF! A lovely specimen of this scarce date (ONLY 710 STRUCK). Probably worth close to 600.00.

660–1889-S Glittering golden Uncirculated, choicer than most. In Nov. list at 100.00.

LOT NUMBER 661

661—1889-CC Near Uncirculated with much luster, usual bag-marks. In Nov. price list of leading Eastern dealer at 1,350.00.

662—1890-CC Brilliant slightly golden Uncirculated SHARP STRUCK GEM! RARE 100.00

663—1891, 1892-O Uncirculated golden, usual strikes. Catalog 75.00.

664—1891-CC Glittering golden PROOFLIKE, SHARP STRUCK WIRE EDGE GEM! In Nov. price list at $150 without being prooflike, there this remarkable specimen worth over 200.00.

665—1892 Brilliant Uncirculated SHARP STRUCK GEM! In Nov. list at 150.00.

MINT STATE 1892—S DOLLAR

666—1892-S Uncirculated golden, usual weak strike from worn dies with curl over ear, incomplete feathers on eagle's breast and faint bag-marks. Sharp struck choice specimens bring $12,000 to $15,000.00. This specimen should realize somewhere around its catalog value of 6,000.00

667—1892-CC Near Uncirculated, only slight friction. Probably worth half its catalog value for unc. of 225.00.

668—1893 Brilliant slightly golden Uncirculated, suprisingly free of the usual bag-marks which seem to plague these large coins. In Nov. list at 250.00.

669—1893-S Near Uncirculated with golden luster, RARE SO CHOICE. The last uncirculated specimen we had was in our November sale where it was awarded to a dealer at $15,500.00. We note an "MS-70" specimen in the Nov. price list of Paramount priced at $40,000.00. "About Unc." specimens seem to be offered at prices from $1,000 to $5,000.00 depending on how choice they are. This one probably in the $3,000 to $3,500 catagory.

670—1893-O Near Uncirculated, only slight friction and suprisingly free of the usual bag-marks. An "AU-50" coin was in Nov. price list at 139.00.

671—1893-CC Near Uncirculated with usual bag-marks. Probably worth about half the catalog for unc. of 550.00.

672—1894 BRILLIANT SLIGHTLY GOLDEN TWO-TONE WIRE EDGE GEM PROOF! A gem proof in the March N.Y. Metropolitan convention sale a year ago realized $1,250.00. Surely this gem now worth more.

673—1894 Virtually Uncirculated, only faint rub on curl over ear and eagle's breast remove this from "Uncirculated", nice sharp strike. LOW COINAGE. Ordinary "unc." (MS-60) specimens are priced $625 in Nov. price list, this specimen probably worth half.

674—1894-O Uncirculated golden, usual bag-marks; a glass reveals faint rub on cheek. Nov. price list has unc. MS-60 at $250; this one probably worth 150.00

675—1894-S Brilliant Uncirculated, choicer than most with only a few of the usual bag-marks. Nov. price list has one at 250.00.

676—1896 GLITTERING BLUE & GOLDEN WIRE EDGE PROOF. Only 762 struck! Well worth 500.00.

677—1898-S Glittering golden Uncirculated SHARP STRUCK GEM! A specimen not quite as choice as this was in the Nov. price list at $150; surely this exceptional coin now worth over 200.00.

678—1899 PROOF with Wire Edge but has been mishandled, rubbing in fields and minute abrasions. Proofs bring $450 to $550 (depending how choice they are); this worth only a fraction.

679—1901-S Brilliant Uncirculated, usual bag-marks. Scarce. Trends 125.00.

PROTOTYPE FOR SMALL SIZE NOTES

1002–Check on National City Bank of New York (altered from The Bank of America, Atlantic Office, New York) filled out in pen, **"DESIGNED BY H.V.D. BLACK 20 YEARS BEFORE THE U.S. BILLS WERE ISSUED. THEY ARE EXACTLY THE SAME SIZE. H.V.D.B."**. Also blank regular check (small size) of The National City Bank of New York. Regular $1 1928 Silver, No. A-A, New. Acquired several years ago at $450; surely now worth closer to **750.00.**

SMALL SIZE ERRORS AND MISPRINTS

"Largely due to careful methods and rigid inspections, relatively few specimens of misprinted currency leave the **Bureau of Engraving and Printing.** An opportunity to specialize and a desire to own unique items has helped to stimulate activity in error collecting. Considering the many seperate phases involved in production it is easily understood how a few pieces of currency can become spoiled.

"Any such pricing of these errors cannot, obviously, be as exact a matter as pricing regular notes. For one reason, there is no way to determine the number extant.Also, practically every misprinted note has individual features, there being no two exactly alike. Further, it is a relatively new field of collecting and is lacking precedence and experience. Therefore, generally speaking, the severity and singleness of the error will ultimately determine its curio value to the collector."

The larger denominations are more closly inspected and therefore proportionately rarer. In addition, Silver, Legals, and Gold Certificates are much rarer than Federals. In evaluating error notes, one must also take into account the size of the error. Naturally, the greater the error, the greater should be its desirability.

1946–$50 1851 AUGUSTUS HUMBERT UNITED STATES ASSAYER OF GOLD CALIFORNIA around outer obverse with FIFTY DOLLS. UNITED STATES OF AMERICA inside, eagle holding ribbon in center with 880 THOUS. above, near Uncirculated, quite sharp with only nominal friction, very few (on reverse) of the abrasions which seem to be characteristic of most of these large, heavy and soft gold coins. More than any other coins, these $50 gold pieces (only struck in California) typify the Gold Rush Days of the Pioneer West. *Rare in any condition but PARTICULARLY RARE SO CHOICE!* Acquired about a year ago at $9,500; its present value is at least $12,500; possibly closer to 15,000.00.

1947–$10 1852 OVER 1, AUGUSTUS HUMBERT, characteristic bisecting reverse die break, Extremely Fine obverse with reverse closer to Very Fine. RARE. *At least 10 times rarer than usual 1852 variety.* Acquired about a year ago at $1,375; present value over $1,500; possibly closer to 1,750.00.

1948–$10 1852 UNITED STATES ASSAY OFFICE OF GOLD SAN FRANCISCO, CALIFORNIA, Virtually Uncirculated, only barest friction, traces of solder removal on reverse edge. Acquired about a year ago at $750; present value closer to 1,000.00.

1949–$20 1853 UNITED STATES ASSAY OFFICE OF GOLD SAN FRANCISCO, CALIFORNIA, mounted in plastic lettered 900 OVER 884 THOUS., UNLISTED MAJOR VARIETY (To Conform With The Fineness Of The Regular U.S. Gold Coins), UNCIRCULATED, SHARPLY STRUCK! Acquired about a year ago at $2,500; present value at least $3,500; possibly closer to 5,000.00.

1950–$20 1853 In plastic lettered "U.S. $20 ASSAY OFFICE OF GOLD SAN FRANCISCO, CALIF., 1853-900 THOUS., WITH INVERTED Vs IN AMERICA, UNCIRCULATED, SHARPLY STRUCK! Acquired about a year ago at $3,500; present value closer to 5,000.00.

1951–$20 1853 U.S. Assay Office, variety with BROKEN I IN UNITED, UNCIRCULATED WITH FAINT RUB VISIBLE WHEN CLOSELY EXAMINED. 3,500.00

1849-1853 MOFFAT & CO., SAN FRANCISCO, CALIFORNIA

Perhaps the most important of the California private coiners and which later became the United States Branch Mint of San Francisco.

1952–$5 1849 MOFFAT & CO. on headband, rev. S.M.V. (Standard Mint Value) CALIFORNIA GOLD FIVE DOL. around eagle (resembles regular U.S. type). Virtually UNCIRCULATED, only barest friction, rare fine (well-executed) dies; close examination with glass reveals tiny clever repair. Acquired about a year ago (as repaired) at $550.00. If not for the tiny repair, this would probably bring around $1,250; even with the repair it is probably worth half.

1953–$20 1853 UNCIRCULATED with very few of the usual bag-marks which seem to plague these large soft gold coins. RARE SO CHOICE! Probably now worth around 3,500.00.

1861 $20 CLARK GRUBER & CO. DENVER

1954–$20 1861 PIKES PEAK on headband, CLARK GRUBER & CO. DENVER TWENTY D. on reverse, resembles regular U.S. coin, variety with V over N in DENVER, struck in copper and gold plated, reeded edge, UNCIRCULATED. Listed in Scott as "R7" (7 TO 9 KNOWN)! Acquired about a year ago at $1,500; present market now closer to 2,500.00.

1955–$2½ 1861 GOLD, Similar with 2½ D, resembles U.S. coin, virtually UNCIRCULATED as to wear with only barest friction but some evidence of clever solder removal. Acquired about a year ago at $950; present value?

Prices listed are those appearing in July 10 *Coin World* & July 2 *Numismatic News.* These pirces could very well be obsolete by the time of this sale as prices seem to be advancing in each issue during the past two months – many have more than doubled in this two-month period.

"UNIQUE IN NUMISMATICS"

The Experience Gained in Cataloging Over 300 sales

IMPORTANT MESSAGE

For years we have counseled and helped advise those wishing to acquire coins and currency as an investment. We define investors as those willing to adopt a program envisioning a minimum of several years. Suffice to say – that in our *over 40 years as professional numismatists* the results have been most gratifying.

We believe the various reference books are excellent guides – But ONLY THAT. We doubt if an intelligent person would attempt to become his own "lawyer" after reading a law book, or give himself medical treatment after reading a medical book.

Why then would an intelligent collector, who devotes himself part-time to numismatics, feel he would be as well equipped to give the best answers in building a numismatic investment as part of his estate, compared to a *PROFESSIONAL WHO HAS DEVOTED OVER 40 YEARS TO THE STUDY AND RESEARCH OF NUMISMATICS AS A FULL-TIME PROFESSION.*

The very nature of this type of PERSONAL COUNSELING (A. M. or Don Kagin) precludes it becoming a widely offered service. We are prepared, at this time, to continue offering this service to an additional few discriminating collectors as replacements for the normal attrition which has transpired during the past year.

We feel the experience gained in cataloging *over 300 SALES* (a record that speaks for itself) enables us to offer the ultimate in counseling service.

The relationship with our clients is (as has always been our policy) of a fiduciary and confidential nature.

A. M. Kagin – Don Kagin
